**Re: Installation of a New Traffic Signal at the Intersection of 8th Street and H Street, NW
NOI 19-88 TESD**

Dear Chairperson Wilsey:

Pursuant to the “Administrative Procedure Amendment Act of 2000” D.C. LAW 13-249 (48 DCR 3491 April 20, 2001), the District Department of Transportation (DDOT) is required to give a written notice to modify traffic and/or parking requirements. This letter is being forwarded to you for the purpose of notification and solicitation of comments on our intent to implement the following modifications in your jurisdiction

- ***Installation of a New Traffic Signal at the Intersection of 8th Street and H Street, NW.***

Currently, the intersection is controlled by STOP signs on 8th Street approaches. A traffic signal warrant study has concluded that the placement of a new traffic signal at 8th Street and H Street will improve the overall traffic operation in and around this intersection. Therefore, in the interest of promoting the safe movement of vehicular and pedestrian traffic through and in the vicinity of this intersection, an independent determination has been made by DDOT Traffic Engineering and Signals Division to remove the existing STOP signs on the 8th Street approaches to install and operate a new traffic signal at the intersection of 8th Street and H Street, N.W.

All comments on this subject matter must be filed in writing by Friday, June 21, 2019 (thirty business days after the date of the notice), with the District Department of Transportation, Project Delivery Administration at 55 M Street, SE, Washington, D.C. 20003.
